### 'ECO DAY' preparation

Dear Parent / Guardian,

On **Friday 13<sup>th</sup> April** we are having an 'Eco Day' for all children in the school. On this day we are planning to continue to develop our outside areas including the 'trough boxes' at the front of the school. To accommodate this, we would ask that all children come dressed in their own clothes. We will be outside for some of the tasks therefore it may be best that they wear old clothes which you would not mind getting a little muddy!

To ensure the day is as much of a success as possible the Eco Committee are asking for some resources which they will be able to use in different areas around the school. These items include the following: *old children's wellington boots, sleepers / tree trunks, long logs and any beech hedging*. If you can donate any of these items we would be very grateful!

Today, your child is bringing home a marigold seed which they have planted in class. We are asking that each child grows their plant and brings it back to school with them on **Thursday 12<sup>th</sup> April**. We are planning to create a large '50' with all the plants the children have grown!

**Please note: As it is only a two day week when we return after Easter Mrs McMaster is making Thursday 12<sup>th</sup> April also a non-uniform day - therefore both the 12<sup>th</sup> & 13<sup>th</sup> April will be non-uniform days in school.**

Thank you

A McCullagh and J Davis (Eco Coordinators)
